EDUCATION

V.S.B ENGINEERING COLLEGE

B.E- Computer Communication Engineering 2023-2027

Secured CGPA-8.23

HSC

KARUR VETRI VINAYAGA MATRIC HIGHER SEC SCHOOL 2022-2023

Secured Percentage of 78.33

SSLC

KARUR VETRI VINAYAGA MATRIC HIGHER SEC SCHOOL 2022-2023

All Pass

SKILLS

- Java
- C
- HTML
- Time Managemnt
- Adaptability
- Leadership
- Team Work

PROFILE

A motivated Computer and Communication Engineering graduate seeking an IT position to apply my technical knowledge, problem-solving skills, and passion for technology to support the organization and grow as a professional.

AREA OF INTEREST

- Web Development
- Computer Networks

INTERNSHIP

Media Wave Technologies

- Worked on Java-based tasks and projects, including a Simple Banking System, demonstrating strong learning ability, professionalism, and commitment to work.

INFOSYS SPRINGBOARD

- I have worked actively participating and completing the mandatory assignment related to Internship 6.0 (B4-5) SwiftVisa: An AI-Enabled Visa Eligibility Screening Agent conducted from October 6, 2025 to December 10, 2025

PROJECT

Real-Time Intrusion Detection in IoT Networks using GNN and Transformer

- IoT networks are vulnerable to cyber-attacks, and existing systems fail to provide accurate real-time intrusion detection with low resource usage. This project develops a lightweight IDS using GNN and Transformer models for efficient and accurate detection

An AI-Enabled Visa Eligibility Screening Agent

- Visa application screening is time-consuming and prone to manual errors. This project addresses the need for an AI-enabled system to automatically evaluate visa eligibility based on applicant data, improving accuracy, efficiency, and decision-making speed.

CERTIFICATIONS

INFOSYS SPRINGBOARD - Java foundation , Basics Of Python

NPTL - Programming in JAVA

CISCO - Introduction to CyberSecurity

NASSCOM - Salesforce Becomming a Agent Force Champion

DECLARATION
